KEREM AL-ALMI FOR GENERAL CONT. EST.

COMPANY PROFILE

INTRODUCTION

Karem Al Almi For General Contracting Est. is a dynamic and highly skilled establishment specializing in a comprehensive range of construction, renovation, and infrastructure development services. With a steadfast commitment to quality and innovation, we provide solutions tailored to meet the diverse needs of our clients across residential, commercial, and industrial sectors. Our expertise extends to the construction and maintenance of roads, bridges, pipelines, networks, and mechanical systems, ensuring durability and excellence in every project. Additionally, we offer specialized services such as building finishing and motorized equipment rental, making us a one-stop destination for all construction and infrastructure requirements.

Mission: To deliver exceptional construction and infrastructure solutions that exceed client expectations, while fostering innovation, sustainability, and safety in every project we undertake.

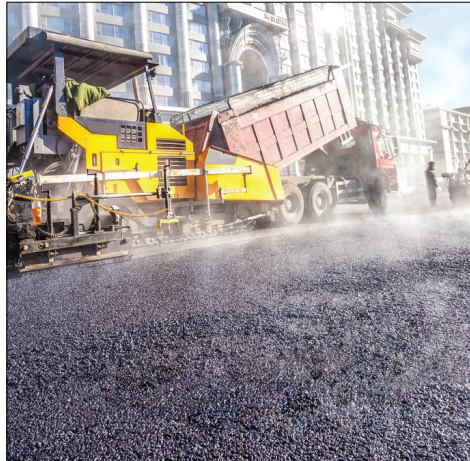

Vision: To be a leading name in the construction industry, recognized for our unwavering commitment to quality, technological advancement, and sustainable practices that contribute to the growth and development of communities.

Core Values:

- ✓ **Quality Excellence:** Ensuring the highest standards in all projects.
- ✓ **Integrity:** Building trust through transparent and ethical practices.
- ✓ **Innovation:** Embracing cutting-edge technologies and methods.
- ✓ **Sustainability:** Prioritizing eco-friendly solutions for a better future.
- ✓ **Customer Focus:** Tailoring our services to meet client-specific needs.
- ✓ **Safety:** Upholding rigorous safety standards for employees, clients, and communities.

Manpower Supply:

We provide skilled and unskilled manpower to support diverse construction and industrial projects. Our workforce is carefully selected, trained, and deployed to ensure efficiency and quality in all assigned tasks. From engineers and technicians to laborers, we supply reliable personnel to meet project-specific needs, enabling seamless operations and timely project completion.

OUR SERVICES

- ✓ General construction of residential buildings.
- ✓ Renovations of residential and non-residential buildings.
- ✓ Construction of roads, streets, sidewalks, and road accessories.
- ✓ Construction of bridges and tunnels.
- ✓ Repair and maintenance of roads, streets, sidewalks and supplies Ways.
- ✓ Repair and maintenance of bridges and tunnels.
- ✓ Extending various types of pipes for electricity and communications and others
- ✓ Extension of oil and gas pipelines.
- ✓ Extensions of water lines between and within cities and the establishment of networks New.
- ✓ Extending electrical wires.
- ✓ Extending communications wires.
- ✓ Network extensions.
- ✓ Installing the lighting system.
- ✓ Installation of heating systems using electricity, gas, and oil Its maintenance and repair.
- ✓ Gas pipeline extensions, maintenance and repair.
- ✓ Steam piping extensions, maintenance and repair
- ✓ Installing, extending and maintaining air conditioning ducts And repair it.
- ✓ Finishing buildings.
- ✓ Renting motorized equipment.

DETAILED DESCRIPTION OF ACTIVITIES

General Construction of Residential Buildings: We specialize in constructing high-quality residential buildings, encompassing a range of projects from single-family homes to multi-unit apartment complexes. Our team ensures the seamless integration of architectural design, structural integrity, and modern amenities, creating spaces that offer comfort, durability, and aesthetic appeal.

Renovations of Residential and Non-Residential Buildings: Our renovation services focus on transforming existing properties to meet modern standards and client specifications. Whether it's upgrading interiors, enhancing structural elements, or modernizing facilities, we ensure superior results while preserving the unique character of each building.

Construction of Roads, Streets, Sidewalks, and Road Accessories: We deliver comprehensive road construction solutions, including paving, grading, and installation of sidewalks, curbs, and drainage systems. Our goal is to create safe, durable, and efficient transportation networks.

Construction of Bridges and Tunnels: With expertise in advanced engineering and construction techniques, we design and build sturdy bridges and tunnels that facilitate connectivity and withstand the test of time. Safety, innovation, and environmental sustainability are integral to our approach.

Repair and Maintenance of Roads, Streets, Sidewalks, and Supplies: Our maintenance services ensure that roads, sidewalks, and related infrastructure remain functional and safe. From pothole repairs to resurfacing, we address issues promptly to minimize disruptions.

Repair and Maintenance of Bridges and Tunnels: We conduct regular inspections and maintenance of bridges and tunnels to ensure their structural integrity. Our services include repairs, reinforcements, and upgrades, prioritizing safety and longevity.

Extending Various Types of Pipes for Electricity and Communications: We specialize in the installation and extension of pipelines for electrical and communication networks, ensuring efficient and reliable connectivity across urban and rural areas.

Extension of Oil and Gas Pipelines: Our team handles the complex task of extending oil and gas pipelines with precision, adhering to industry standards and ensuring safe and efficient transport of resources.

Extensions of Water Lines and Network Establishments: We design and implement water supply networks that cater to the needs of cities and communities. From mainline extensions to local distribution networks, we ensure efficient water flow and management.

Extending Electrical Wires and Communication Lines: Our expertise extends to the installation and extension of electrical and telecommunication wiring systems, providing reliable infrastructure for residential, commercial, and industrial purposes.

Installing the Lighting System: We provide complete lighting solutions, including design, installation, and maintenance of indoor and outdoor lighting systems. Our focus is on energy efficiency and enhancing aesthetic value.

Installation of Heating Systems: We install heating systems powered by electricity, gas, or oil, ensuring optimal performance and energy efficiency. Our services include system maintenance and repair to guarantee long-term reliability.

Gas and Steam Piping Extensions, Maintenance, and Repair: Our services include the design, extension, maintenance, and repair of gas and steam pipelines. We prioritize safety and operational efficiency in every project.

Installing, Extending, and Maintaining Air Conditioning Ducts: We deliver comprehensive HVAC solutions, including the installation, extension, and maintenance of air conditioning ducts, ensuring optimal airflow and energy efficiency in buildings.

Finishing Buildings: Our building finishing services include interior and exterior work such as plastering, painting, flooring, and decorative elements. We focus on creating polished, functional, and visually appealing spaces.

Renting Motorized Equipment: We offer a wide range of motorized equipment for rent, supporting construction, excavation, and infrastructure development activities. Our fleet is well-maintained to ensure reliability and efficiency for various projects.
